## PROFILE

Talented programmer with 10 years of Cocoa experience and a passion for technology, games, and great software.

## SKILLS

Swift, Objective-C, C/C++, Cocoa, Cocoa Touch, REST APIs, Core Data, Auto Layout, Metal, Ruby, JavaScript

## EXPERIENCE

### **Associate Staff Developer, Black Pixel, Seattle, WA — June 2013 - April 2018**

- Rewrote a high profile Mac application to use modern API & language features while building out new features.
- Developed a variety of iOS apps that interact with wide range of web APIs and for clients big & small.
- Diagnosed & resolved iOS & macOS apps for Core Data, auto layout, and memory problems.
- Worked remote effectively with clients and co-workers across time zones.

### **Software Developer, Ambrosia Software, Rochester, NY — November 2008 - April 2013**

- Developed macOS and iOS utilities, games and frameworks.
- Worked on team that rewrote Snapz Pro X with modern APIs.

### **Owner, Buttered Cat Software, Rochester, NY — July 2007 - Present**

- Developed small macOS utilities for free and for sale in Mac App Store.

## EDUCATION

University of Maine, Orono, ME — BA in New Media, 2004
